

Model 13 & 29 VERTICAL STABILISER STRAP

For extra stability - If required

Optional Extra

This is an optional extra for model no.'s 13 & 29

Cat. Ref: 13/29STAB

This simple vertical stabiliser strap can be fitted to the seat back to offer extra stability - by restricting excess movement.

As the buckles are positioned at the rear, it can be left in position on the seat without having to remove it each journey.

This stabiliser strap can be used in conjunction with Model 13 & Model 29 Harnesses.
